COMPENDIUM OF ITEMS EXEMPTED FROM REGISTRATION

DIRECTORATE GENERAL OF QUALITY ASSURANCE
DEPARTMENT OF DEFENCE PRODUCTION
MINISTRY OF DEFENCE

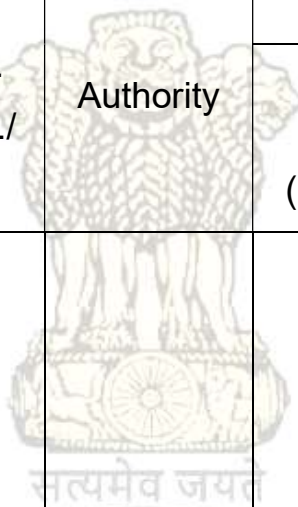

PREFACE

1. Registration of Manufacturer is aimed at assessing the availability of comprehensive infrastructure for manufacture of defence stores for which registration is being sought, prior to placing order on the concerned firm. It is of paramount importance that defence Quality Assurance Organisation should undertake the capacity assessment of the Manufacturer prior to placement of any contract, in order to avoid SO/ Contract failure and also to ensure Quality and Reliability of the contracted stores.
2. DGQA is handling Quality Assurance of a very large number of items which are being procured by the Indian Army from DPSUs, PSUs and Private manufacturers. Majority of these orders are for the spares of main equipments. Capacity Assessment/ Competency Verification of manufacturer for each and every item under provisioning will not only cause delay in procurement but also drain the vital resources of DGQA.
3. Accordingly, in order to ease burden of QA agency and also to facilitate Ease of Doing Business, it was felt necessary to review the requirement of insisting for vendor registration of each and every store supplied by Indigenous Industries to the Indian Army. Apropos, it has now been decided that Vendor Registration for Low Tech/ COTS/ Non-Core/Non-Critical Items/ Low-Value items will not be insisted upon.
4. The “Compendium of Items exempted from Vendor Registration (CA/CV)” by DGQA is a coherent and structured document and aims to give absolute clarity to the Defence Industry and Government Quality Assurance Agency (DGQA) w.r.t range of stores of various disciplines for which Vendor Registration is not required.
5. This document has been made in such a way as to accommodate updates and amendments, in future, based on policies and guidelines to be issued by MoD/DDP, from time to time. This document will serve as a ready-reckoner for both Indigenous Defence Manufacturers and DGQA Establishments in the process of Registration of Defence Manufacturer.
